*Plus Other Elected Officials & Department Heads!*

**Thursday, September 21**

Commissioners Linda Bloom, Therese Brown and Nelson Peters want to hear directly from the residents of Woodburn and Maumee Township about issues of concern to you! This is your chance for face-to-face time with elected officials to let them know what you think the County can do to improve the livelihoods of our residents and the operation of local businesses.

In addition, representatives from various County Government departments will be on hand to answer your questions and explain the many services they provide.

***We hope you'll join us Sept. 21!***
