

2020 Summer Sewer Discount Request

The City of Woodburn considers that the summer water consumption will typically go up due to increased watering of lawns, etc. and in an effort to balance out this cost, provides a sewer discount during the months of May, June, July, and August to any resident who requests this discount in writing annually. This discount will be based on the average usage of a resident (typically the average of the last quarter of each year as that tends to be the method that yields the smallest value).

Please fill out the following information for our records and return to City Hall by mail or in person at 22735 Main Street, P.O. Box 665. Remember to fill out this form annually to have the sewer discount applied to your account! Thank you.
